

GUDEN AND DIKE ARE
BATTling IN COURT

"Removed" Sheriff Confident
of Ultimate Victory.

All of the Cases Came Up Before Justice
Gaynor in the Supreme Court,
Special Term.

NEW YORK, March 15.—Sheriff Norman S. Dike of Kings county has his hands full today fighting in the courts to sustain the title to the office of sheriff, conferred upon him by Governor Roosevelt.

Unlike the battle of yesterday, when Colonel Dike walked into the sheriff's office and, kicking down the door, fired out, he was called upon to meet the ousted sheriff in open court today, and show by what right he was holding his office.

All the cases came up before Justice Gaynor, and constituted a battle royal, and Colonel Dike, who was fully aware of the expense and trouble to which Guden had gone, had carefully prepared for the event, recognizing the fact that his enemies would spare no pains to put him down and out, if such a thing were possible within the law.

His enemies took great care to see that no telephone was left whereby Colonel Dike could escape on a technicality, hence they had prepared several distinct cases, each separate and apart.

Guden is confident of victory.

MISS ROOSEVELT'S PORTRAITS

M. Chartran Has Them on Exhibition at
the French Embassy.

The oil portraits of Mrs. Roosevelt and Miss Alice Roosevelt, by M. Theobald Chartran have been completed and are on exhibition at the French Embassy.

The canvases of Miss Roosevelt shows the head and shoulders of a slender girl, delicately featured. The pose is graceful, and the portrait is pronounced a faithful likeness.

Mrs. Roosevelt's portrait shows a life-sized figure, seated on a bench in the White House grounds. The pose is easy and natural, showing a three-quarter view of the face.

Both pictures will be taken to Paris to be exhibited in the Salon during May and June. The picture of Miss Roosevelt was ordered by her father and will remain in the family. Mrs. Roosevelt's portrait, it is understood, was ordered by a rich friend of the President, who desires to present it to the nation on the expiration of President Roosevelt's term of office.

NO MERCY FROM PRESIDENT.

Mr. Roosevelt Sorry He Cannot Aid to a
Convict's Punishment.

In refusing the application of the South Dakota delegation in Congress to grant a pardon for Richard A. Tubb, who is serving a term in that State for sending obscene letters through the mails, President Roosevelt made the following statement:

"I am sorry in my judgment those sending this petition, at least one judge and the district attorney, should be notified that I sincerely regret that it is not within my power to increase the sentence of this criminal."

TO MAKE EVERY HEN HER
OWN EASTER EGG-DYER

An enterprising Ohio firm, known as
the United States Sals Company, oper-
ating from New Concord, has had its
ambition cooled by a legal decision of the
Postoffice Department.

The concern advertised that it had for sale an article, known as "Red Albumen," which would make hens lay a greater number of eggs than their average and red in color.

Hens fed on the preparation would, the advertisement stated, improve in health and the expense of dyes for Easter eggs would be saved.

MAULIFFE MYSTERY

NEARING A SOLUTION

Panic in Police Department
Promised.

In Investigating the Death of the Glen-
don Witness the District Attorney
Did Not Use Officers' Aid.

NEW YORK, March 15.—The Mauliffé mystery was reported today to be nearing a solution.

The men who are trying to solve it are confident that before many days are past they will be able to lay their hands upon the man who is responsible for the death of the witness who helped to convict Detective Glennon.

It is said that when the facts in the case are made public there will be such a panic in certain circles of the police force as has not been felt in many a day.

Should the district attorney's office succeed in bringing to justice the murderer of Mauliffé—for it is now apparent that his death was due to violence—it will be the best piece of work ever accomplished by the public prosecutor of New York city.

In the investigation of the case, the district attorney has not sought the aid of the police.

The evidence gathered to date would indicate that in this particular instance, the police are not the persons to find the man who killed Mauliffé.

NEW MEXICAN RAILROAD

Charter for Line From Nuevo Laredo to
the Capital.

SALT LAKE, Utah, March 15.—Articles of incorporation have been filed with the Secretary of State for the National Railroad Company, of Mexico. The capitalization is placed at \$35,350,000 and the object is stated to be to build and operate a railroad from Nuevo Laredo to the City of Mexico.

Edward H. Warren, of New York, is named as president, and George H. Smith, of Salt Lake, as secretary. Mr. Smith is an attorney.

The "Sporting Times" says that while Madden's dealings with Kelley were consistent with perfect honesty and fair dealing, his punishment should be a warning to jockeys to beware of the company they keep.

The withdrawal of Madden's license will probably not be permanent.

THE HYPNOTIC EYE.

How It Fascinates and Controls the
Human Mind.

WEIRD THINGS DONE UNDER ITS MYSTIC SPELL.

Can You Look at It Five Minutes
Without Being Hypnotized.

READ THE DIRECTIONS PLACED AT THE
END OF THE BOOK.

If you wish to ascertain how susceptible you are to hypnotic influence, place yourself in an easy sitting position and look steadily and intently at the black spot (pupil) in the center of the eye above for five minutes. While looking at the eye count very slowly to yourself, one, two, three, four, and so on to 500. Do not permit your eyes or mind to wander for one moment. At the end of five minutes, if your eyelids feel heavy or tired; if you feel slightly drowsy; if you have a slight tingling sensation in the arms or hands; if you have a peculiar sensation in the head; or if you feel during the time an inclination to wink the eyelids, you are quite susceptible to hypnotic influence, and you should at once learn the science for your self-protection.

The eye of a person who understands hypnotism is a thousand times more powerful than the cold, lifeless picture given above. To tell how susceptible you would be to a real hypnotic eye, multiply the effect you perceived by 1,000.

The most eminent specialists of modern times have just written a marvelous new book on "Personal Magnetism, Hypnotism, Magnetic Healing, etc.," 10,000 copies of which are to be given away for the benefit of the public. The book is richly illustrated by the finest half-tone engravings, showing various positions of subject and operator.

By the late methods to which this book calls attention, anyone can learn hypnotism and acquire wonderful magnetic power in a few days at his own home and use it on his friends and associates entirely without their knowledge. The person affected does not dream that his mind and will have been taken possession of and controlled by another. The most obstinate chronic diseases are speedily cured by this mysterious force, and bad habits banished, never to return.

Mr. Y. T. Greenwood, of 753 Brook Street, Beloit, Wis., wrote for the above book, learned hypnotism and immediately cured his wife of a complication of diseases from which physicians said she must surely die. Mrs. Effie M. Watson, of Martinville, Ind., says: "I advise every woman in this country to write to the American College of Sciences and get the grand work it is giving away. It has been of incalculable benefit to me." Mr. John M. Guard, of Palmer, Lake, Col., says: "The book is far beyond anything of the kind I have ever seen. I now use hypnotism every day of my life. Your splendid methods of instruction enable me to get in touch with people and wield an influence that I did not dream it was mine to possess."

The book will be sent absolutely free to any address. It divulges the whole truth about the most mysterious and useful power known to man. It reveals the true secret of all personal control; it lays bare the mysteries of the dark ages; it gives to man that knowledge of himself that is essential to his health, happiness, financial, and social success. It is full of startling experiences, and makes many wonderful disclosures regarding the mind and soul of man, the power of silent thought, the development of will-power, nerve force, and hundreds of other things of intense interest to every man and woman, who would get the most out of life.

Write for the book today. Remember it's free. Address American College of Sciences, Dept. 36 K, 420 Walnut Street, Philadelphia, Pa.

TOD SLOAN APPLIES
FOR ENGLISH LICENSE

Its Granting Would Not
Cause Sorrow.

"London Sporting Times" Says Otto
Madden's Experience Should Be a
Warning to All Jockeys.

LONDON, March 15.—Tod Sloan has applied for a jockey license. If he succeeds in obtaining it he will ride Sir Walsley Griffith's Voles in the Lincoln Handicap.

The "Sporting Times" says it is impossible to deny that Sloan violated the jockey club rules, but never has his honesty been questioned.

It argues that Sloan was severely punished and was practically fined £10,000 which he would have earned.

The "Times" adds that Sloan's breach having been an irregularity rather than a crime, it would not be sorry to see his license restored, the more so as Sloan in other respects has rendered great service to the British turf.

In connection with the refusal of the stewards of the jockey club to issue a license to Jockey Otto Madden because of his association with persons of evil repute, the "Times" tells this story:

"It is a custom at Newmarket Heath for the jockey heading the season's winning list to give a dinner to his brethren. On the last occasion when Madden headed the list and gave the dinner Bookmaker F. T. Kelley, who was recently sentenced to two years' imprisonment for his connection with the Liverpool Bank frauds, was present by invitation of a jockey friend of Madden. Kelley also presented Madden with £100 when he won on his (Kelley's) horse.

The "Sporting Times" says that while Madden's dealings with Kelley were consistent with perfect honesty and fair dealing, his punishment should be a warning to jockeys to beware of the company they keep.

The withdrawal of Madden's license will probably not be permanent.

KRETOL AFFAIRS QUIET.

Business of the Federal Banking Com-
pany to Be Closed Up.

The closing of the offices in this city of
the Kretol Chemical Company has had
the effect of placing a temporary quietus
upon the affairs of that corporation.

There were, but few people about the
rooms at 1224 F Street northeast this
morning, which are still occupied by the
Rorick Trust Company and other allied
Browne enterprises, and Secretary R. W.
Browne was able to transact more busi-
ness than has been possible for a week
past.

He stated that an informal meeting of
the stockholders would be called next
week to provide for the reopening of the
Washington office, in anticipation of the
reorganization. The time and place of
the meeting will be announced later.

Mr. Browne also said that he had in
preparation a statement of the condition
of the Federal Banking and Trust Com-
pany, which he would make public some
time next week. He asserted that de-
positors would be paid in full, and that
its affairs would be wound up.

The doors of the building house at 1222
F Street are closed, and a "For rent"
sign was placed upon them this morn-
ing.
